For our 2022 Annual Meeting, we have elected to use the Internet as our primary means of providing our proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send to our stockholders a Notice of Internet Availability of Proxy Materials. The Notice of Internet Availability of Proxy Materials contains instructions on how to access our proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2021, which contains, among other things, our 2021 audited consolidated financial statements. The Notice of Internet Availability of Proxy Materials also includes instructions on how you can vote using the Internet, and how you can request and receive, free of charge, a printed copy of our proxy materials, including our 2021 Annual Report, the Notice of Annual Meeting, our proxy statement and a proxy card. The electronic delivery of our proxy materials will reduce our printing and mailing costs and minimize the environmental impact of the proxy materials.

The ability to have your vote counted at the Annual Meeting is an important stockholder right. Regardless of the number of shares you hold, and whether or not you plan to attend the Annual Meeting, we hope that you will promptly cast your vote.

PROXY STATEMENT

2022 ANNUAL MEETING OF STOCKHOLDERS SEPTEMBER 29, 2022 GENERAL INFORMATION

This proxy statement is being provided to solicit proxies on behalf of the Board of Directors of Marchex, Inc. for use at the 2022 Annual Meeting of Stockholders to be held on Thursday, September 29, 2022, at 10:00 AM Pacific Time, at Marchex, Inc., 520 Pike Street, Suite 2000, Da Vinci Boardroom, Seattle, Washington, and at any adjournment or postponement thereof. We expect to first make this proxy statement available, together with our Annual Report for the fiscal year ended December 31, 2021, to stockholders on approximately August 19, 2022.

Our principal offices are located at 520 Pike Street, Suite 2000, Seattle, Washington 98101.

In this proxy statement, we refer to Marchex, Inc. as Marchex, we, us or the Company.

Internet Availability of Annual Meeting Materials

Under rules adopted by the Securities and Exchange Commission, or the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, or the Notice, to our stockholders of record. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or to request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. You will not receive a printed copy of the proxy materials unless you request one in the manner set forth in the Notice. This permits us to conserve natural resources and reduces our printing costs, while giving stockholders a convenient and efficient way to access our proxy materials and vote their shares.

We intend to mail the Notice on or about August 19, 2022 to all stockholders of record entitled to vote at the Annual Meeting.

Who May Vote

Only holders of record of our Class A common stock and Class B common stock, at the close of business on August 8, 2022, or the Record Date, will be entitled to notice of, and to vote at, the Annual Meeting. On the Record Date, 4,660,927 shares of Class A common stock and 37,672,686 shares of Class B common stock were issued and outstanding. Each share of Class A common stock is entitled to twenty-five (25) votes at the Annual Meeting and each share of Class B common stock is entitled to one (1) vote at the Annual Meeting. Holders of Class A common stock and Class B common stock will vote together as a single class on all matters that come before the Annual Meeting; accordingly, throughout this proxy statement we refer generally to our outstanding Class A common stock and Class B common stock together as our "Common Stock."

What Constitutes a Quorum

Stockholders may not take action at the Annual Meeting unless there is a quorum present at the meeting. The presence, in person or by proxy, of a majority of the voting power of the outstanding shares of Common Stock entitled to vote as of the close of business on the Record Date constitutes a quorum. Abstentions and broker non-votes will count toward establishing a quorum. Broker non-votes occur when banks, brokers or other nominees holding shares in street name for beneficial owners do not receive instructions from the beneficial owners about how to vote the shares. An abstention occurs when a stockholder withholds such stockholder's vote by checking the "abstain" box on the proxy card, or similarly elects to abstain via the Internet voting. Under the rules that govern their ability to vote shares held in street name, banks, brokers or other nominees have the discretion to vote such shares on routine matters, but we do not have any such matters being considered at the Annual Meeting.

Vote Required

Proposal One: Under applicable law and our current bylaws, the four (4) director candidates who receive the greatest number of votes cast for the election of directors by shares present in person or represented by proxy and entitled to vote shall be elected directors.

Voting Process

Shares that are properly voted or for which proxy cards are properly executed and returned will be voted at the Annual Meeting in accordance with the directions given or, in the absence of directions, will be voted "FOR" Proposal No. 1.

It is not expected that any other matters will be brought before the Annual Meeting. If, however, other matters are properly presented, the persons named as proxies will vote in their discretion with respect to such matters.

The manner in which your shares may be voted depends on how your shares are held. If you are the record holder of your shares, meaning you appear as the holder of your shares on the records of our stock transfer agent, you may vote those shares via the Internet, or, if you request a printed copy of the proxy materials, via a proxy card for voting those shares included with the printed proxy materials. If you own shares in street name, meaning you are a beneficial owner with your shares held through a bank, broker or other nominee, you may instead receive a voting instruction form with this proxy statement that you may use to instruct your bank, broker or other nominee how to vote your shares.

Voting on the Internet

You can vote your shares via the Internet by following the instructions in the Notice. The Internet voting procedures are designed to authenticate your identity and to allow you to vote your shares and confirm your voting instructions have been properly recorded. If you vote via the Internet, you do not need to complete and mail a proxy card. We encourage you to vote your shares via the Internet even if you plan to attend the Annual Meeting.

Voting by Mail

You can vote your shares by mail by requesting a printed copy of the proxy materials sent to your address. When you receive the proxy materials, you may fill out the proxy card enclosed therein and return it per the instructions on the card. By signing and returning the proxy card according to the instructions provided, you are enabling the individuals named on the proxy card, known as "proxies," to vote your shares at the Annual Meeting in the manner you indicate. If you request a printed copy of the proxy materials, we encourage you to sign and return the proxy card even if you plan to attend the Annual Meeting.

Voting by Telephone

You may be able to vote by telephone. If so, instructions are included with your Notice. If you vote by telephone, you do not need to complete and mail your proxy card.

Attendance and Voting at the Annual Meeting

If you are the record holder of your shares, you may attend the Annual Meeting and vote in person. You will be required to present a form of photo identification for admission to the Annual Meeting. If you own your stock in street name, you may attend the Annual Meeting in person provided that you present a form of photo identification and confirmation of ownership, such as a recent brokerage statement or a letter from the bank, broker or other nominee holding your shares, but in order to vote your shares at the Annual Meeting you must obtain a "legal proxy" from the bank, broker or other nominee that holds your shares. You should contact your bank, broker or other nominee to obtain a legal proxy.

Revocation

If you are the record holder of your shares, you may revoke a previously granted proxy at any time before the Annual Meeting by delivering to the Secretary of Marchex, Inc. a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Any stockholder owning shares in street name may change or revoke previously given voting instructions by contacting the bank, broker or other nominee holding the shares or by obtaining a legal proxy from such bank, broker or other nominee and voting in person at the Annual Meeting. Your personal attendance at the Annual Meeting does not revoke your proxy. Your last vote, prior to or at the Annual Meeting, is the vote that will be counted.

Householding

The SEC permits companies to send a single Notice, and for those stockholders that elect to receive a paper copy of proxy materials in the mail one copy of this proxy statement, together with our Annual Report for the fiscal year ended December 31, 2021, to any household at which two or more stockholders reside, unless contrary instructions have been received, but only if we provide advance notice and follow certain procedures. In such cases, each stockholder continues to receive a separate Notice, and for those stockholders that elect to receive a paper copy of proxy materials in the mail, one copy of our fiscal 2021 Annual Report and this proxy statement. This householding process reduces the volume of duplicate information and reduces printing and mailing expenses.

We have not instituted householding for stockholders of record; however, certain brokerage firms may have instituted householding for beneficial owners of our Common Stock held through their firms. If your family has multiple accounts holding our Common Stock, you may have already received householding notification from your broker. Please contact your broker directly if you have any questions or require additional copies of the Notice, our fiscal 2021 Annual Report and this proxy statement. The broker will arrange for delivery of a separate copy of the Notice, and, if so requested, a separate copy of these proxy materials promptly upon your written or oral request. You may decide at any time to revoke your decision to household, and thereby receive multiple copies.

Solicitation of Proxies

We pay the cost of soliciting proxies for the Annual Meeting. We solicit by mail, telephone, personal contact and electronic means and arrangements are made with banks, brokers, and other nominees to send Notices, and if requested, other proxy materials, to beneficial owners. Upon request, we will reimburse them for their reasonable expenses. In addition, our directors, officers and employees may solicit proxies, either personally or by telephone, facsimile or written or electronic mail. Stockholders are requested to return their proxies without delay.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement contains “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, which are subject to a number of risks and uncertainties. All statements other than statements of historical facts contained in this proxy statement, including, but not limited to, statements regarding our future operating results, financial position, prospects, acquisitions, dispositions, and business strategy, expectations regarding our growth and the growth of the industry in which we operate, and plans and objectives of management for future operations are forward-looking statements. Without limiting the foregoing, the words “anticipates”, “believes”, “could”, “estimates”, “expects”, “intends”, “may”, “plans”, “seeks” and other similar language, whether in the negative or affirmative, are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Forward-looking statements are based on our current expectations and assumptions regarding our business, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors. Important factors that could cause actual results to differ materially from those in these forward-looking statements are discussed in the “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, and “Quantitative and Qualitative Disclosures About Market Risk” sections in our filings with the Securities and Exchange Commission. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. In addition, the global economic climate and additional or unforeseen effects from the COVID-19 pandemic may amplify many of these risks. We therefore caution you against relying on any of these forward-looking statements. Also, any forward-looking statement made by us in this proxy statement speaks only as of the date of this proxy statement. Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

To the Company's knowledge, the following table sets forth information regarding the beneficial ownership of our Class A common stock and Class B common stock as of August 8, 2022 by:

- each person (or group of affiliated persons) who is known by us to own beneficially more than 5% of the outstanding shares of our Class A common stock or Class B common stock;
- each of our directors and nominees for director;
- each of our executive officers listed in the "Summary Compensation Table" ("NEOs"); and

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF THE NOMINEES LISTED ABOVE TO THE BOARD OF DIRECTORS.

CORPORATE GOVERNANCE

Board Independence

The Board of Directors determined that, other than Mr. Horowitz, each of the members of the board is an independent director in accordance with NASDAQ listing standards.

Committees and Meeting Attendance

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Each of these committees operates under a written charter adopted by the board. Copies of these charters are available on our website at www.marchex.com. The Board of Directors held six meetings and took action by written consent on four occasions during the fiscal year ended December 31, 2021. Each of the standing committees of the board held the number of meetings indicated below. During the last fiscal year, each of our directors attended at least 75% of the total number of meetings of the board and committees of the board on which such director served during that period. We encourage director representation at our annual meetings of stockholders.

The following table sets forth the three standing committees of the board, the members of each committee, the number of meetings held by each committee, and the number of committee actions taken by written consent during fiscal year 2021:

Name of Director	Audit	Compensation	Nominating and Governance
Dennis Cline	Member	Member	Chair
Donald Cogsville	Member	Chair	Member
M. Wayne Wischart	Chair	Member	Member
Number of Meetings	7	4	4
Action by Written Consent	1	4	1

Audit Committee

The Audit Committee is currently comprised of Messrs. Wischart (Chair), Cogsville and Cline. Each of the members of the Audit Committee is independent for purposes of the NASDAQ listing standards as they apply to Audit Committee members and each member of the Audit Committee is an Audit Committee financial expert, as defined in the rules of the Securities and Exchange Commission. The Audit Committee operates under a charter that is available on our website at www.marchex.com. The functions of the Audit Committee include reviewing, with the Company's independent registered public accounting firm, the scope and timing of the independent registered public accounting firm's services, the independent registered public accounting firm's report on the Company's consolidated financial statements and internal control over financial reporting following completion of the Company's audits, and the Company's internal accounting and financial control policies and procedures, and making annual recommendations to the Board of Directors for the appointment of independent registered public accounting firm for the ensuing year. Additional information regarding the Audit Committee is set forth in the Audit Committee Report below.

Compensation Committee

The Compensation Committee is currently comprised of Messrs. Cogsville (Chair), Cline and Wischart. Each of the members of the Compensation Committee is independent for purposes of the NASDAQ listing standards. The Compensation Committee operates under a charter that is available on our website at www.marchex.com.

The purpose of the Compensation Committee is to assist the Board of Directors in carrying out its responsibilities with respect to: (i) overseeing the Company's compensation policies and practices; (ii) reviewing and approving annual compensation and compensation procedures for the Company's executive officers; and (iii) overseeing and recommending director compensation to the Board of Directors. More specifically, the Compensation Committee's responsibilities include overseeing the Company's general compensation structure, policies and programs, and assessing whether the Company's compensation structure establishes appropriate incentives for management and employees; making recommendations to the Board of Directors with respect to, and administering, the Company's incentive compensation and equity-based compensation plans, including the Company's stock option plan and employee stock purchase plan; reviewing and approving compensation procedures for the Company's executive officers; recommending to the independent directors for approval the compensation of the Company's executive officers based on relevant corporate goals and objectives and the Board of Directors' performance evaluation of the Company's executive officers; reviewing and recommending to the Board of Directors employment, retention, restricted stock and severance agreements for executive officers, including change in control provisions, plans or agreements; reviewing the compensation of directors for service on the Board of Directors and its committees. Regarding most compensation matters, including executive and director compensation, the Company's management provides recommendations to the Compensation Committee. The Compensation Committee has delegated its authority to grant equity

and other awards under the Company's stock incentive plan to eligible employees who are not executive officers to the Equity Grant Subcommittee within certain pre-approved limits and such committee regularly reports any grants made to the Compensation Committee.

Nominating and Governance Committee

The Nominating and Governance Committee is currently comprised of Messrs. Cline (Chair), Cogsville and Wisheart. Each of the members of the Nominating and Governance Committee is independent for purposes of the NASDAQ listing standards. The Nominating and Governance Committee operates under a charter that is available on our website at www.marchex.com. The Nominating and Governance Committee identifies individuals qualified to become board members, recommends to the board those persons to be nominated for election to our board at the annual meeting of stockholders, develops and recommends to the board a set of corporate governance principles applicable to the Company and oversees the annual evaluation of the board.

Nomination of Directors

The Nominating and Governance Committee may use third party executive search firms to help identify prospective director nominees. The Nominating and Governance Committee has not established specific minimum age, education, experience, or skill requirements for potential members, but, in general, expects that qualified candidates will have high-level managerial experience in a relatively complex organization or be accustomed to dealing with complex problems, and will be able to represent the interests of the stockholders as a whole rather than special interest groups or constituencies. The Nominating and Governance Committee considers each candidate's character, integrity, judgment, skills, background, experience of particular relevance to the Company, ability to work well with others and time available to devote to board activities, among other factors. The Nominating and Governance Committee also considers the interplay of a candidate's background and expertise with that of other board members, and the extent to which a candidate may be a desirable addition to any committee of the board. The Nominating and Governance Committee uses the same process for evaluating all nominees, regardless of the original source of the nomination.

The Nominating and Governance Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Governance Committee does not assign specific weights to particular criteria. Rather, the Board of Directors believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities. The Nominating and Governance Committee believes that it is essential that the board members represent diverse viewpoints. The Nominating and Governance Committee's goal is to assemble a board that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. The Board Diversity Matrix below provides certain information with respect to the diversity of our Board of Directors in accordance with the corporate governance rules of NASDAQ.

Total Number of Directors	Male	Female
Part I: Gender Identity		
Directors	4	-
Part II: Demographic Background		
White	3	-
African American or Black	1	-

Our evaluations of potential directors include, among other things, an assessment of a candidate's background and credentials, personal interviews, and discussions with appropriate references. Once we have selected appropriate candidates, we present them to the full board for election if a vacancy occurs or is created by an increase in the size of the board during the course of the year, or for nomination if the director is to be first elected by stockholders.

Marchex stockholders may recommend individuals to the Nominating and Governance Committee for consideration as potential director candidates by submitting their names and appropriate supporting background and biographical information to: Marchex, Inc., 520 Pike Street, Suite 2000, Seattle, Washington 98101, Attention: Secretary. The recommendation must include any relevant information, including the candidate's name, home and business contact information, detailed biographical data and qualifications, and information regarding any relationships between the candidate and the Company within the last three years. Acceptance of a recommendation does not mean that the committee will ultimately nominate the recommended candidate.

Code of Conduct and Code of Ethics

The Company has adopted a code of conduct applicable to each of the Company's officers, directors and employees, and a code of ethics applicable to the Company's Chief Executive Officer, Chief Financial Officer and the Company's senior financial officers, as contemplated by Section 406 of the Sarbanes-Oxley Act of 2002 and both codes are available on our website at www.marchex.com.

Corporate Governance Guidelines

The Board of Directors has adopted corporate governance guidelines to ensure effective corporate governance which are available on our website at www.marchex.com.

Board Leadership Structure

The Board of Directors does not have a specific policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board. The Board of Directors believes it is in the best interest of the Company to make that determination based on the position and direction of the Company and the membership of the Board of Directors. The Board of Directors is responsible for the control and direction of the Company.

The Board of Directors is currently comprised of three independent members, as independence is defined under NASDAQ listing standards along with the Executive Chairman. The leadership structure of the Company has varied over time as the demands of the business, the composition of the Board, and the ranks of our senior executives have changed, and the Board has utilized this flexibility to establish the most appropriate structure at any given time.

Currently the duties and responsibilities of the chief executive officer are performed by the Co-CEOs Michael Arends and Russell C. Horowitz.

Board's Role in Risk Management

The Board of Directors, as a whole and also at the committee level, is responsible for oversight of our risk assessment and management process. Management is responsible for the Company's day-to-day risk management activities. The Audit Committee periodically reviews risks and exposures associated with financial matters and financial reporting, the Compensation Committee oversees risks relating to compensation programs and policies, and the Nominating and Governance Committee oversees risks associated with Board and corporate governance matters. Furthermore, the Board of Directors periodically reviews risk management matters, including as part of its ongoing corporate strategy review, and is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters.

Board Effectiveness

The Board of Directors performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations.

Executive Session

The corporate governance guidelines provide that the Company's independent directors shall meet regularly (not less than two times per year) in executive session at which only the Company's independent directors shall be present. The independent directors met in executive session four times during the fiscal year ended December 31, 2021.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal year 2021, are or have been an officer or employee of the Company. No member of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. During fiscal year 2021, none of the Company's executive officers served on the Compensation Committee (or its equivalent) or Board of Directors of another entity any of whose executive officers served on the Company's Compensation Committee or Board of Directors.

Communications with Directors

The Board of Directors provides a process for Marchex stockholders to send communications to the Board of Directors. Any stockholder who desires to contact the Board of Directors may do so by writing to: Marchex, Inc., 520 Pike Street, Suite 2000, Seattle,

Washington 98101, Attention: Secretary. Communications received by mail will be screened by the Secretary for appropriateness before either forwarding to or notifying the members of the Board of Directors of receipt of a communication.

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has not selected an independent registered public accounting firm for the 2022 fiscal year. It is discussing terms of engagement, including fees, for the audit of our financial statements for the year ending December 31, 2022 with Moss Adams LLP (“Moss Adams”), which served as our independent registered public accounting firm for the year ended December 31, 2021, and certain other independent registered public accounting firms. Accordingly, we are not seeking stockholder ratification of the selection of Marchex’s independent registered public accounting firm for the 2022 fiscal year. Although we have done so in prior years as a matter of good corporate practice, such ratification is not required by our bylaws, Delaware corporate law, SEC rules or otherwise. As a result of the foregoing, we do not expect representatives of Moss Adams or any other independent registered public accounting firm to be present at the Annual Meeting or to make any statement or respond to any questions at the Annual Meeting.

INDEPENDENT REGISTERED ACCOUNTING FIRM FEES

Accounting Fees and Services

During fiscal years 2020 and 2021, Moss Adams provided professional services in the following categories and amounts:

Fee Category	2020	2021
	Moss Adams (\$)	Moss Adams (\$)
Audit Fees (1)	539,000	465,000
Audit-Related Fees (2)	43,000	—
Tax Fees (3)	—	—
Total All Fees	582,000	465,000

- (1) *Audit Fees* consist of professional services rendered for the audit of Marchex’s fiscal year consolidated financial statements, interim review of the condensed consolidated financial statements included in the quarterly reports, and consent and review of registration statements.
- (2) *Audit-Related Fees* consist of professional services rendered for assurance and related services.
- (3) *Tax fees* consist of fees for professional services for tax compliance, tax advice, and tax planning.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of Moss Adams and the Audit Committee has concluded that it is.

The Audit Committee pre-approved 100% of the 2020 and the 2021 services and fees above pursuant to the pre-approval policy described below.

Policy on Pre-Approval by Audit Committee of Services Performed by Independent Registered Public Accounting Firm

The policy of the Audit Committee is to pre-approve all audit and permissible non-audit services to be performed by the independent registered public accounting firm during the fiscal year. The Audit Committee pre-approves services by authorizing specific projects within the categories outlined above, subject to the budget for each category. The Audit Committee’s charter delegates to its chairman the authority to address any requests for pre-approval of services between Audit Committee meetings, and the chairman must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the U.S. Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that we specifically request that it be treated as soliciting material or specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

We reviewed Marchex’s audited financial statements for the fiscal year ended December 31, 2021 and discussed these financial statements with Marchex’s management. Marchex’s independent registered public accounting firm for the year ended December 31, 2021, Moss Adams LLP (“Moss Adams”), performed an independent audit of Marchex’s financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”) and issued a report on those financial statements. We discussed with Moss Adams the matters required to be discussed by applicable requirements of the PCAOB.

Moss Adams provided us with the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent accountant’s communications with the audit committee concerning independence, and we discussed with Moss Adams its independence.

Based on the foregoing review and discussions, we recommended to the Marchex Board of Directors that the audited financial statements be included in Marchex’s Annual Report on Form 10-K for the year ended December 31, 2021.

Respectfully submitted,

THE AUDIT COMMITTEE

Dennis Cline
Donald Cogsville
M. Wayne Wishart, Chair

Compensation Discussion and Analysis

The Role of Stockholder Say-on-Pay Votes

In October 2020, we held a stockholder advisory vote to approve the compensation of our named executive officers (the “say-on-pay proposal”). Our stockholders overwhelmingly approved the compensation of our named executive officers, with approximately 93% of stockholder votes cast in favor of the say-on-pay proposal. The Compensation Committee believes this affirms the stockholders’ support of our approach to executive compensation and did not change its approach in 2020.

The Compensation Committee will continue to consider the outcome of our say-on-pay votes when making future compensation decisions for the named executive officers.

Overview

Our “named executive officers”, or “NEOs”, are:

Michael Arends	Co-CEO
Russell C. Horowitz	Executive Chairman and Co-CEO
Ryan Polley	Chief Operating Officer
John Roswech	Chief Revenue Officer

You can find detailed information regarding the compensation we paid to our NEOs in the tables that begin on page 22.

Our executive compensation programs are intended to serve two related goals:

- **Long-Term Retention of our Strong Management Team.** We believe that our continued success depends on our ability to retain our experienced, complementary and dedicated management team. Although we always consider the ultimate interest of our stockholders in setting NEO compensation, we also must acknowledge that our executives face many career options and we therefore must provide strong incentives for them to continue to participate in our growth.
- **Long-Term Growth in Stockholder Value.** We believe that management compensation packages should reflect as much as possible the risk and opportunity experienced by our stockholders. As a result, we strongly emphasize performance-based compensation arrangements which reward NEOs for contributions to our long-term growth and overall corporate success.

We believe that this long-term focus will appropriately reward our management team for performance that will most benefit our Company and stockholders. We think that a focus on shorter-term results could inappropriately over- or under-compensate our executives due to short-term fluctuations that do not as accurately reflect our corporate growth and the corresponding benefit to our stockholders.

The Compensation Committee is responsible for setting the compensation and benefits for our executive officers, to determine distributions and grants of awards under our various stock and other incentive plans and to assume responsibility for all matters related to the foregoing. Meetings of the Compensation Committee are called by the chair of the committee and the chair sets the agenda for each committee meeting. In performing its responsibilities, the Compensation Committee typically invites, for all or a portion of each meeting, our Co-CEOs and other members of management to its meetings. Our Co-CEOs meet with the Compensation Committee on an ongoing basis to discuss the objectives and performance of Marchex's other NEOs, if any. For compensation decisions relating to our executive officers, the Compensation Committee considers recommendations from our Co-CEOs, who utilize various industry compensation surveys as part of our company wide annual compensation review process. After receipt and discussion of such recommendations with our Co-CEOs, the Compensation Committee meets to ultimately determine the compensation packages for each of our executive officers. Our Co-CEOs do not participate in deliberations regarding their individual compensation.

Role of a Compensation Consultant

The Company does not typically use a compensation consultant for executive compensation matters; the Company did not use a compensation consultant for the 2021 period.

NEO Compensation for 2021

Our Compensation Committee in reviewing our executive compensation packages assesses salary and bonus, salary and bonus history, the number and value of shares owned by our executives, prior equity grants and vesting and exercise history. The Compensation Committee also considers data regarding compensation paid at public media, internet and technology-based companies of comparable size to our Company and which could compete for the services of our NEOs. Although the compensation practices of our competitors instruct our review, we use that data only to gain perspective and do not "benchmark" our compensation to any particular level.

Competitive Positioning

The Compensation Committee periodically reviews competitive data regarding compensation at various comparable peer companies. We do not benchmark compensation levels to fall within specific ranges compared to selected peer groups in our industry. We use the information developed by management and counsel using proxy data for peer group companies to gain a general understanding of current compensation practices.

Base Salary and Bonus

The 2021 salaries and bonuses shown in the Summary Compensation Table below were set by our Compensation Committee based on the compensation review discussed above, as well as a consideration the respective NEO's total compensation package including prior equity grants, exercise history, and existing stock ownership. Base salaries and bonuses are a necessary part of our compensation program and provide executives with a fixed portion of pay that is not performance-based. Our goal is to provide competitive base pay levels. The Compensation Committee considered each NEO's skills, experience, level of responsibility, performance and contribution to our Company. The Compensation Committee also took into account in conjunction with the NEO's specific areas of responsibilities and objectives, each NEO's contribution to the Company's overall success as a member of the management team. The Compensation Committee considers the relative compensation levels among all the members of the management team to ensure the Company's executive compensation programs are internally consistent and equitable. All salaries and bonuses are reviewed at least annually and subject to future adjustment by the Compensation Committee. Annual cash bonuses to our Co-CEOs are generally paid under our Annual Incentive Plan, which ties such bonus payments directly to our annual corporate performance. On December 31, 2020, the Compensation Committee approved target bonus amounts for 2021 for Mr. Roswech of \$250,000 (based on the achievement of new revenue and total revenue performance goals) and Mr. Polley of \$160,000 (based on the achievement of new product revenue goals and technology expense initiatives), in each case subject to the Annual Incentive Plan maximum bonus percentage, for purposes of their employment agreements. On August 13, 2021, the Compensation Committee approved a revised target bonus amount for 2021 for Mr. Polley of \$200,000 subject to the foregoing parameters in connection with his appointment as Chief Operating Officer of the Company.

Equity Compensation

All of our employees and directors are eligible to receive options, shares of restricted stock, and/or restricted stock units under our 2012 Stock Incentive Plan (the “2012 Stock Plan”) and our 2021 Stock Incentive Plan (the “2021 Stock Plan”).

The Compensation Committee does not automatically grant equity to NEOs every year. The Compensation Committee takes into account the various factors outlined in the discussion of base salary above as well as the Company’s financial performance and its impact on stockholder value and also analyzes existing NEO equity holdings and prior equity awards to take into account whether additional grants are appropriate and necessary to recalibrate the cash-equity balance of NEO compensation packages.

On January 4, 2021, the Compensation Committee granted stock options and shares of restricted stock to Messrs. Arends, Horowitz, Polley and Roswech under the 2012 Stock Plan (subject to time-based vesting), based on the compensation review discussed above.

On August 13, 2021, the Compensation Committee granted stock options to Mr. Polley under the 2012 Stock Plan (subject to time-based vesting), in connection with his appointment as Chief Operating Officer of the Company.

On December 31, 2021, the Compensation Committee granted stock options and shares of restricted stock to Mr. Arends and Mr. Horowitz under the 2012 Stock Plan (subject to time-based vesting and with accelerated vesting based on the attainment of specified revenue, adjusted OIBA or share price targets), based on the compensation review discussed above.

The Compensation Committee determined the size of such 2021 NEO equity grants based on a consideration of the NEO’s existing stock ownership and outstanding equity grants awarded in prior years. Given the corresponding vesting schedules, we believe that these equity grants will help further motivate our NEO’s to continue to focus on the long-term success of our business enterprise.

You can find more information regarding these grants, including the corresponding vesting schedules, by referring to our Outstanding Equity Awards at 2021 Fiscal Year-End Table below.

Most equity awards for employees are tied to their annual performance reviews and are generally granted following the release of our fourth quarter financial results. We may occasionally make employee grants outside of that review process and such awards typically are granted as of the date the grant is approved. All new-hire awards have a grant date set to correspond to the date of hire. All options have an exercise price set at the closing market price of our Class B common stock on the grant date.

Annual Incentive Plan

Our Annual Incentive Plan (the “Incentive Plan”) was adopted by the Compensation Committee to motivate and reward key employees for enabling our Company to achieve specified corporate objectives together, to increase the competitiveness of our management compensation packages without increasing our fixed costs, and to align management compensation with key measures of our financial performance.

The Compensation Committee in its discretion determines the maximum amount available for award, in the aggregate, to all plan participants in light of the number of participants and the Company’s resources. The Compensation Committee also determines the participants in the pool. Eligibility determinations are based upon the Compensation Committee’s assessment of the importance of a participant’s role, together with such participant’s overall cash and equity compensation level. Finally, the Compensation Committee determines the measures of performance on which bonus awards are based, using any of the following as it determines in its sole discretion:

- revenues;
- pre-tax income;
- adjusted operating income before amortization;
- operating income before amortization;
- operating income;
- net earnings;
- net income;
- cash flow or funds from operations;
- adjusted earnings per share;
- earnings per share;

- appreciation in the fair market value of our stock;
- cost reduction or savings;
- implementation of critical processes or projects; or
- adjusted earnings before interest, taxes, depreciation and amortization, or adjusted earnings before any of them.

On December 30, 2020, the Compensation Committee approved target cash bonus compensation under the Incentive Plan for the 2021 fiscal year. The initial executive officer participants for the 2021 fiscal year were Mr. Arends and Mr. Horowitz. If all targets were to be achieved at 100%, the aggregate bonus pool amount was \$568,438 (the “Target Amount”), with the maximum aggregate bonus pool amount being 195% of the Target Amount. The target bonus payout percentages were 50% to 195% based on the performance target category and were based on achieving specified revenue (new revenue and total revenue) and adjusted OIBA targets to include the 2021 fiscal year and with each target category weighted 33 1/3%.

The Compensation Committee elected to use these revenues and adjusted OIBA targets because it believes that such targets most accurately reflect our growth and improvements in our corporate performance without the impact of certain non-cash and non-recurring expenses which the Company does not regard as ongoing costs of doing business. The Compensation Committee set a range of specific revenue and adjusted OIBA targets based on a review of our actual revenue and adjusted OIBA for the fiscal year ended December 31, 2020 and our budgeted revenue and adjusted OIBA for the 2021 fiscal year. At the low end of the range, the targets were intended to be difficult but realistic given our expectations regarding corporate performance. The high end of the range, intended to reflect “optimum” Company performance, were set in consideration of our projected financial results and were considered “stretch” goals.

The Compensation Committee also has absolute discretion to award no bonuses at all even if the highest target is achieved. For 2021, the Compensation Committee awarded cash bonuses under the Incentive Plan in the amount of \$380,219 to Mr. Horowitz and \$489,621 to Mr. Arends.

Risk Assessment of Compensation Policies and Practices

We believe our compensation policies and practices do not promote imprudent risk taking. In this regard, we note the following: (i) our annual incentive compensation is based on balanced performance metrics that promote disciplined progress towards longer-term Company goals; (ii) we do not offer short-term incentives that might drive high-risk investments at the expense of long-term Company value; and (iii) our compensation programs are weighted towards offering long-term incentives that reward sustainable performance, especially when considering our executive share ownership. Accordingly, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during 2021, are or have been an officer or employee of the Company. No member of the Compensation Committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. During fiscal year 2021, none of the Company’s executive officers served on the Compensation Committee (or its equivalent) or Board of Directors of another entity any of whose executive officers served on the Company’s Compensation Committee or Board of Directors.

- (2) These amounts do not reflect whether the NEO has actually realized or will realize a financial benefit from the awards (such as by vesting of a restricted stock award). Amounts represent the aggregate grant date fair value of restricted stock each year computed in accordance with ASC 718, excluding the effect of forfeitures. For a more detailed discussion on the valuation model and assumptions used to calculate the fair value of each stock award, refer to Note 6 to the Consolidated Financial Statements contained in our 2021 Annual Report on Form 10-K filed on March 29, 2022.

Amounts represent the aggregate grant date fair value of option awards each year computed in accordance with ASC 718, excluding the effect of forfeitures. The fair value of the shares underlying the option awards that vest based on time is estimated using the Black-Scholes option pricing model. For a more detailed discussion on the valuation model and assumptions used to calculate the fair value of each stock award, refer to Note 6 to the Consolidated Financial Statements contained in our 2021 Annual Report on Form 10-K filed on March 29, 2022.

Potential Payments upon Termination or Change in Control

Employment Arrangements

The Amended and Restated Executive Officer Employment Agreement for Mr. Arends provides that in the event the Company terminates executive's employment for any reason other than Cause, or executive terminates his employment for Good Reason (regardless of a Change in Control) and subject to executive's execution of a release of claims, executive will be eligible to receive the following severance and related post-termination benefits: (a) a lump sum payment equal to one (1) times executive's then annual salary payable at the time of termination, unless the termination of executive's employment occurs within 12 months following a Change in Control, in which case executive will receive the benefits under his Retention Agreement, (b) payment by the Company of its share of medical, dental and vision insurance premiums under COBRA ("Health Benefits") for executive and executive's dependents for the 12 month period following the separation date or such lesser period as executive remains eligible under COBRA, unless the termination of executive's employment occurs within 12 months following a Change in Control, in which case executive will receive the benefits under executive's Retention Agreement; and (c) and an additional one (1) year of time-based vesting on any unvested options, restricted stock and restricted stock units as of the separation date. In the event that executive's employment terminates due to death or disability, and subject to execution of a release of claims, executive will be eligible to receive the following severance and related post-termination benefits: (i) payment by the Company of Health Benefits for the 18 month period following the separation date or such lesser period as executive remains eligible under COBRA, and (ii) one hundred percent (100%) of all performance and time-based unvested options, restricted stock and restricted stock units will immediately vest upon executive's separation date. Additionally, one hundred percent (100%) of all performance and time based options, restricted stock and restricted stock units not already vested, shall become immediately vested upon the occurrence of both (a) a Change in Control, (b) followed by the first to occur of (i) a termination of executive's employment by the Company or any successor thereto without Cause, (ii) a material diminution in the nature or scope of executive's duties, responsibilities, authorities, powers or functions that constitutes Good Reason, or (iii) the twelve month anniversary of the occurrence of the Change in Control provided that executive then remains an employee of the Company or its successor (collectively, the "Double-Trigger Change in Control Acceleration").

In the event that Mr. Polley or Mr. Roswech is terminated by the Company without cause, such person will receive a lump sum payment in an amount equal to three (3) month of base salary as severance.

Equity Awards

The equity awards held by Mr. Arends and Mr. Horowitz set forth in Outstanding Equity Awards at 2021 Fiscal Year-End above are subject to certain conditions on vesting as well as Double-Trigger Change in Control Acceleration, other than Mr. Horowitz's director grants which have accelerated vesting in full in the event of a Change in Control. In addition, the equity awards held by Mr. Polley set forth in such table are subject to certain conditions on vesting as well as accelerated vesting in full in the event of a Change in Control.

Retention Agreement

We have entered into a retention agreement with Mr. Arends that provides that in the event of a Change in Control, he would be entitled to a lump sum payment equal to two times the amount calculated by adding (1) his annual salary at that time plus (2) the greater of (a) any bonus he earned with respect to the prior fiscal year, or (b) his pro rata portion of the aggregate bonus pool under our

Incentive Plan for the current year assuming achievement under the Incentive Plan of the maximum performance targets for such year. With respect to Mr. Arends, if within twelve (12) months following a Change in Control: (1) the Company shall terminate his employment with the Company without cause, or (2) he shall voluntarily terminate such employment for Good Reason, the Company shall provide reimbursement of health care premiums for him and his dependents, for a period of eighteen (18) months from the date of his termination, to the extent that he is eligible for and elects continuation coverage under COBRA (provided that such reimbursement shall terminate upon commencement of new employment by an employer that offers health care coverage to its employees). In consideration for the Company's willingness to enter into an amended and restated employment agreement with Mr. Arends, he relinquished the excise tax gross-up provision which was contained in the retention agreement.

Procedures for Review and Approval of Related Person Transactions
